PROBLEM 1

Statement | Submissions | Solution | AI Help

Area & Perimeter of Rectangle

Listen

Write a program for the following problem

- Let's consider a rectangle of length `11` and breadth `13`.
- `Output` the following on separate lines:
  - `Area` of the `rectangle` having sides as `11` and `13`
  - `Perimeter` of the `rectangle` having sides as `11` and `13`

For any rectangle, the formula for area is length * breadth.
The formula for perimeter is 2 * (length + breadth).

Expected output

```
143
48
```

SOLUTION 1

Prev Next

Python3

```
# Update the '_' below to solve the problem

print(11 * 13)          # Area of the rectangle

print(2 * (11 + 13))    # Perimeter of the rectangle
```

Your Output

```
143
48
```

You got it right!

PROBLEM 2

Statement

Write a program to output the squares (using multiplication) of numbers from 1 to 5 on separate lines.

[**Note:** Please print in the same format as given below. There are single spaces between hyphen(-) and digits.]

Output Format

```
1 - 1
2 - 4
3 - 9
4 - 16
5 - 25
```

SOLUTION 2

Python3

```python
for i in range(1,6):
    print(i,"-",i*i)
print()
```

Your Output

```
1 - 1
2 - 4
3 - 9
4 - 16
5 - 25
```

Submit Next

PROBLEM 3

Statement

Write a program to output the square of * (stars) of size 4 (check the output below).

```
****
****
****
****
```

SOLUTION 3

Python3

```python
# cook your dish here
for i in range(4):
    for j in range(4):
        print("*",end="")
    print()
```

Your Output

```
****
****
****
****
```

* Indicates required question

Email *

☐ Record jainatishay5122007@gmail.com as the email to be included with my response

1. What does digital literacy primarily refer to? * 1 point

- ○ Using social media daily
- ○ Ability to use digital tools responsibly and effectively
- ○ Playing online games
- ○ Typing fast on a keyboard

2. Which of the following is a safe internet practice? * 1 point

- ○ Using the same password everywhere
- ○ Sharing passwords with friends
- ○ Clicking unknown links quickly
- ○ Verifying email sources before responding

3. Why is maintaining a professional online presence important? * 1 point

- ○ To gain more followers
- ○ To impress friends
- ○ To create a positive impression for opportunities
- ○ To post daily updates

4. What is a common sign of a phishing attempt? * 1 point

- ○ Personalized and verified message
- ○ Urgent request for sensitive information
- ○ Message from a known contact
- ○ Proper company email address

5. Digital literacy is not just about using technology, but also about understanding the _____ and responsibilities associated with it. * 1 point

Your answer

Send me a copy of my responses.
